**PLANNING APPLICATIONS**

**PLANNING APPLICATIONS RECEIVED FROM 11/07/2021 To 17/07/2021**

**under section 34 of the Act the applications for permission may be granted permission, subject to or without conditions, or refused; The use of the personal details of planning applicants, including for marketing purposes, maybe unlawful under the Data Protection Acts 1988 - 2003 and may result in action by the Data Protection Commissioner, against the sender, including prosecution**

of Kyle, Co. Laois and a separate application will be lodged seek permission to mine the orebody in Co. Laois. The proposed development will also involve the refurbishment of a number of existing mine related surface structures, dewatering wells, and buildings including the Goul pumphouse, 3 no. workshops, administration building which includes provision for offices, laboratories, storage warehouse areas, toilets and washing facilities, fire and fresh water pumphouse, and associated infrastructure, mine change house, security hut, weighbridge, transformers, sub-stations and switch-rooms, stormwater pond and conditioning pond, rock storage area for the storage of soil, overburden and rock from the mine workings and the ore storage structure (teepee) as part of the ore crushing plant. Permission is also sought for the demolition of the existing plant electrical building in order to provide for the provision of new ore screening and sorting plant and associated stock-piling areas. Permission is also sought for the replacement of the previous water treatment plant with a new water treatment plant to treat mine and site water in a new location within the plant site. The new water treatment plant will also reuse and refurbish the existing backfill thickener tank as part of the revised plant. Permission is also sought for the provision of a
