“That this Council calls on the Government to actively pursue, with like minded EU Member States, a policy to recognise a State of Palestine, and in that context to provide for a more meaningful discourse to happen, after the Gaza war has ended, towards a two state solution. In parallel the EU Council and/or EU Commission needs to review the policies and funding afforded to Israel under various bilateral arrangements including under the terms of the EU Israel Association Council that benefit a State that does not appear to genuinely share or cooperate in any way on the issue of a two state solution as understood by the EU and its Member States”

Cllrs. Maria Dollard and Tomás Breathnach spoke on the Motion seeking immediate Government action to recognise Palestine as a state and for the EU to review policies and funding affording to Israel. Israel is not living up to bilateral agreements.

The Council calls on the European Union and the Irish Government to provide additional stand-alone funding, separate to the Common Agricultural Policy (CAP), to support farmers to undertake climate and biodiversity measures."

Cllrs. Mary Hilda Cavanagh, Andrew McGuinness, Tomás Breathnach, Michael Doyle, John Brennan and Michael Delaney spoke on this Motion.

This extension would not only acknowledge the dedication and skills of these individuals but also contribute to the overall well-being of our community and enhance the sustainability of these programs. These programmes play a crucial role in fostering community development, providing essential services, and supporting those who may face challenges in securing traditional employment. Currently, participants in these valuable community-based employment programs are required to retire at the age of 66 and considering the changing demographics and the desire of individuals to remain actively engaged in work programmes, I am asking you to make this important change to allow participants the opportunity to continue to contribute to their local communities."

03 (24) Westmeath County Council

"That Westmeath County Council supports the IFA "enough is enough" campaign, recognises the significant contribution that farming, and the Agri-sector make to the Irish and local economy and the farmers contribution to date on climate mitigation measures, and acknowledges the income challenge on Irish farmers arising from the significant increases in the cost of doing business, regulatory costs and cuts in Basic Income supports for farmers.

The Council calls on the Government to introduce no further regulations on farmers or any measures that may increase costs on farms without full negotiation and agreement with the Irish Farmers Association (IFA) and that the Council calls on the EU and the Government to provide additional standalone funding, separate to the Common Agricultural Policy, to support farmers in undertaking climate action and biodiversity measures. Furthermore, the Council calls on the Government to introduce a Land Regulatory Authority to assist and protect the farming community."

That concluded the business of the meeting.
