“In light of over 40 trees falling during Storm Darragh, damaging power lines and leaving homes and businesses without power for days, I propose this Council writes to Nicholas Tarrant, MD of ESB Networks, and Keith Leonard, Head of the National Emergency Coordination Group. They should ensure compliance with wayleaves and exclusion zones near overhead powerlines, requiring forestry owners to meet clearance standards. ESB Networks should take pre-emptive measures ahead of storms to prevent similar outages. Additionally, compliance with the DAFM Standards for Felling & Restoration near public roads must be enforced to prevent road safety hazards during extreme weather. Subsequent to the submission of this motion the events of Storm Éowyn have further highlighted to need for action on this matter. It was agreed to circulate this motion to all Local Authorities.”
