Cllr Cleere introduced Mr. M.J. Walsh from Roadplan Consulting. Mr. Walsh proceeded to give the members a presentation on the Draft Callan Mobility Management Plan (MMP), saying that 48 individual projects under 5 categories were

identified and then prioritised into three phases; immediate to short term, short to medium term and medium to long term with 16 projects in each phase.

He said many of the projects involve exploring the feasibility of altering and improving existing travel infrastructure and patterns to meet the mobility needs of Callan under the five categories of footways and cycleways, bus routes and stops, schools, town centre and car parking.

He outlined details of the 16 projects in phase one (immediate to short term), noting that some have already been introduced and implemented.

Mr. Walsh said the views of key stakeholders would be sought at end of November, with this feedback being reviewed in early/mid-December.

Timeline of a second presentation of the finalised MMP to Council members will be subject to completion of AA/SEA screening of the MMP.
